

Are preparing for your PMP exams After March 26th 2018?

The Project Management Professional exam will be changed to the PMBOK 6th from that period till some date in 2022

In the challenging business environment, Project Management Skills will make the difference. As you know, PMP is one certification which has earned a good credibility globally in all the industries. There are a few good reasons:

- Part of elite club of 700,000+ PMP certified professionals.
- Stand out from the crowd and add a feather in your profile
- Greater job opportunities even in the recession times
